SAC 2015 Best Paper Winners

**AI and Agents**
Towards an Ontology Pattern Language for Harmonizing Software Process related ISO Standards
Fabiano Ruy, Ricardo Falbo, Monalessa Barcellos and Giancarlo Guizzardi
UFES, Brazil

**Distributed Systems**
Meta-Strategy for Cooperative Tasks with Learning of Environments in Multi-Agent Continuous Tasks
Ayumi Sugiyama and Toshiharu Sugawara
Waseda University, Japan

**Information Systems**
Leveraging Temporal Expressions to Filter Vital Documents Related to An Entity
Rafik Abbes, Karen Pinel-Sauvagnat, Nathalie Hernandez and Mohand Boughanem
IRIT, University Paul Sabatier, France

**Software Development**
A Multi-Scale Modeling Approach for Software Architecture Deployment
Amal Gassara and Mohamed Jmaiel, ReDCAD, University of Sfax, Tunisia, Tunisia
Ismael Bouassida Rodriguez, CNRS, LAAS, Toulouse, France

**System SW & Security**
Improving Random Write Performance in Heterogeneous Erasure-Coded Drive Arrays by Offloading Code Block Requests
Nikolaus Jeremic, Helge Parzyjegla, and Gero Mühl
Architecture of Application Systems Group, University of Rostock, Germany

*Congratulations to All Winners!*
