AIED - Artificial Intelligence for Education Track

Track Co-Chairs: Danial Hooshyar, Tallinn University, Estonia
Roger Azevedo, University of Central Florida, United States
Marcelo Milrad, Linnaeus University, Sweden
Raija Hämäläinen, University of Jyväskylä, Finland
Mart Laanpere, Tallinn University, Estonia

Track Editorial 1

**Toward Scalable and Transparent Multimodal Analytics to Study Standard Medical Procedures:
Linking Hand Movement, Proximity, and Gaze Data** 3

Ville Heilala, University of Jyväskylä, Finland
Sami Lehesvuori, University of Jyväskylä, Finland
Raija Hämäläinen, University of Jyväskylä, Finland
Tommi Kärkkäinen, University of Jyväskylä, Finland

**Effectiveness of Lightweight Automated Support for Learning about Dynamic Systems with
Qualitative Representations** 11

Marco Kragten, Amsterdam University of Applied Sciences, Netherlands
Bert Bredeweg, University of Amsterdam, Netherlands

**Decoding Naturally Arisen Leadership in Collaborative Learning: A Bayesian Simulation and
Human Network Study** 21
